

Advanced Data Modelling and Form Design

Aim

To extend the Event registration in Zoho Creator by implementing advanced field types and features such as lookup fields, image and file uploads, numeric validation, sub forms, URL fields, video/file uploads, fee and accommodation details, rich text content, and digital signatures.

Theory

Advanced data modelling in Zoho Creator involves using specialized field types and advanced form components to collect, manage, and validate detailed participant information.

In this experiment, the basic Event Registration Form is extended with advanced sections. These sections demonstrate the use of lookup fields, image upload, file upload, decimal/number fields, sub forms, URL fields, media upload, fee-related fields, rich text fields, and digital signature fields.

The advanced form contains the following sections:

- **Section E — Identity & Verification**
- **Section F — Team & Media Details**
- **Section G — Fee & Accommodation**
- **Section H — Declaration & System-Generated Values**

> **Section E — Identity & Verification**

- > College Name Lookup (Lookup field, auto-fills from master Colleges table)
- > Profile Photo (Image field)
- > ID Proof Upload (File Upload field) ? Academic CGPA (Decimal field)

> **Section F — Team & Media Details**

- > Team Members Details (SubForm field, repeating rows) ?
- > Portfolio / LinkedIn URL (URL field)
- > Team Intro Video (Video field)
- > Special Requirement Voice Note (Audio field, optional)

> **Section G — Fee & Accommodation**

- > Requires Accommodation (Decision Box) Registration Fee Paid (Currency field)
- > Early Bird Discount Percent (Percent field)

> Total Amount Payable (Formula field, read-only, auto-computed)

Section H — Declaration & System-Generated Values

- > Loan Terms Display (Rich Text field, read-only reference block)
- > Applicant Digital Signature (Signature field)
- > Application Submitted On (Date-Time field, auto-captured)
- > Loan Application ID (Auto Number field, system-generated)
- > Application Tracking QR Code (QR/Barcode field, system-generated from Loan Application ID)

Procedure:

1. Open the Event Registration Form created for the Event Registration Form.
2. Add **Section E – Identity & Verification**.
3. Add the customer Name Lookup field.
4. Add the Profile Photo image upload field.
5. Add the ID Proof Upload file field.
6. Add the loan number in numeric field.
7. Create **Section F – Team & Media Details**.
8. Add a Sub Form for applicant member details.
9. Configure Member Name, Member Email, and Member Role inside the Sub Form.
10. Add the loan applicant URL field.
11. Add the loan Intro Video upload field.
12. Create **Section G – Fee & Accommodation**.
13. Add the Requires Accommodation checkbox.
14. Add the loan Registration Fee Paid field.
15. Add the Early Bird Discount Percent field.
16. Create **Section H – Declaration & System Generated Values**.
17. Add the loan Guidelines Display rich text field.
18. Add the loan applicant Digital Signature field.
19. Configure the required advanced field properties and validations.
20. Save and preview the completed form.

21. Enter sample data into the advanced fields.
22. Add sample applicant members through the Sub Form.
23. Upload the required image/file information.
24. Provide the required URL, fee, accommodation, declaration, and signature information.
25. Submit the completed form.
26. Verify the submitted information in the Bank Loan Application.

Event Registration Form :

The image displays two screenshots of a web application interface for an "Event Registration" form. The interface features a dark sidebar on the left with navigation options: "Event Registrations", "Event Registration form" (highlighted), "All Event Registrations", and "Identity & Verification". The main content area is titled "Event Registration form".

Top Screenshot: This view shows the "Event Registration form" section. It includes a "Section" header and several input fields:

- Event Registration form:** A dropdown menu with "-Select-" selected.
- Profile Photo:** A button labeled "Select Image" with an upload icon.
- ID Proof Upload:** A button labeled "Select Image" with an upload icon.
- Academic CGPA:** A text input field containing "#####.##".
- Team & Media Details:** A section header.
- Section:** A section header.
- LinkedIn URL:** A text input field containing "https://".
- Team Intro Video:** A button labeled "Select File" with an upload icon and a video icon.
- Special Requirement Voice Note:** A button labeled "Select File" with an upload icon and a voice icon.

Bottom Screenshot: This view shows the "Fee & Accommodation" section. It includes a "Section" header and several input fields:

- Requires Accommodation:** A checkbox.
- Registration Fee Paid:** A text input field containing "###,###,###".
- Early Bird Discount Percent:** A text input field.
- Declaration & System-Generated Values:** A section header.
- Event Guidelines Display:** A rich text editor with a toolbar containing icons for Bold (B), Italic (I), Underline (U), Font Size (10), Text Color, Background Color, Link, List, and Unlist.
- Participant Digital Signature:** A text input field containing "Draw your signature" and a "[Clear]" button.

Result

The **Event Registration** was successfully created in **Zoho Creator** with a structured data model, appropriate validations, and organized sections. Participant records were successfully submitted and displayed in the **Event Registration Report**, enabling efficient participant verification and Bank Loan Application.
